

Sprint 2 Report

Product name: Course Planner

Team name: Team FLOAT

Date: Nov 6, 2023

Actions to Stop Doing: We do not have any actions to stop doing.

Actions to Start Doing: We need to make sure we start each of our meetings with a 15 minute standup meeting, then go into detail once the standup is over. We also need to create our definition of done criteria.

Actions to Keep Doing: We want to keep writing cypress/unit tests as we develop our code, updating the Scrum board everytime we create/start/complete a task, keep the code checks and keep doing tri-weekly standup meetings (where we also discuss next project steps and brainstorming).

Work Completed/Not Completed:

Completed:

- User story 2.1 **[21 story points]** Create multiple course planners
- User story 2.3 **[13 story points]** Export my course planner to a PDF
- Unassigned enhancement: Provide visual feedback depending on if a course is offered for a particular quarter

Not completed:

- User story 2.2 **[21 story points]** Login and see my saved course planners

Work completion rate:

Total number of user stories completed: 2

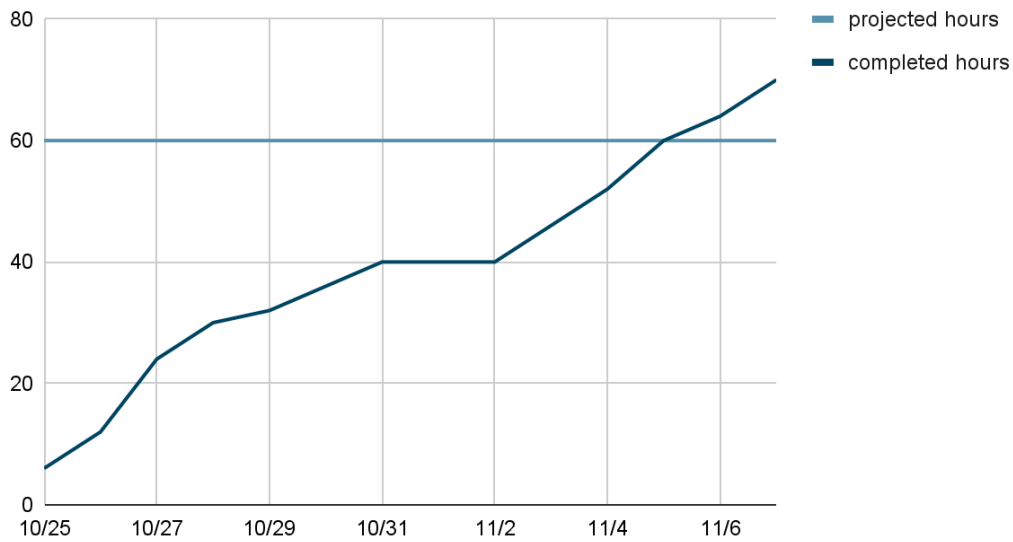

Total number of estimated work hours: 60

Total number of days during the prior sprint: 14 days

Average user stories/day: 0.21 user stories completed per day
